

Sen. Ron Winterton joined the Senate in 2019 and represents District 20, covering Daggett, Duchesne, Summit, Uintah and Wasatch counties. Sen. Winterton chairs the Senate Government Operations and Political Subdivisions Committee. He also serves on the Senate Transportation, Public Utilities, Energy and Technology Committee, the Senate Rules Committee, and the Transportation and Infrastructure Appropriations Subcommittee.

Sen. Winterton spent 35 years as a truck driver, a career that taught him the value of hard work and connecting with people from all walks of life. His desire to give back led him to serve as County Commissioner, where he discovered his passion for public service. Now as a State Senator, he continues to focus on helping his community solve problems and grow responsibly. When he's not at the Capitol, he works with a civil consulting firm and enjoys staying close to the people he represents.

Sen. Winterton firmly believes he would not be successful without the support of his wife, Lori Jo, their five children and 19 grandchildren.
